

## Thanom Mk IV The Aviation Management Information System

Whether your task is to identify new opportunities, develop business plans, derive reliable analyses from accurate and up-to-date data, or create presentations with trustworthy content, Thanom Mk IV can save you time and money.

Thanom Mk IV is all about aircraft and the companies that own and operate them. Thanom Mk IV is a result of the input from our many clients as to how they would prefer to work with the enormous amount of aerospace data we regularly and accurately update.

**THANOM Mk IV**
